

K-LOVE have provided me and my family with good alternative christian music. I listen to it very often in my car to and from work and at home. They also provided our local community with up coming events that is important to us.

K-LOVE style of programming is very fitting to us with very encouraging message. Please do not take away or replace K-LOVE with other LPFM broadcaster.

K-LOVE share word of encouragment, and uplifiting music that is so important to the public.

Please do not take away K-LOVE..

Thank You....
